VAIRKKO SOLUTION OVERVIEW

Fleet

Organize vehicle records, manage maintenance, and connect your fleet to daily operations—all in one place.

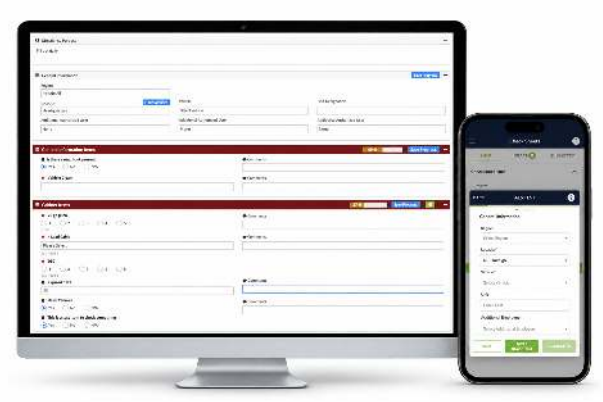

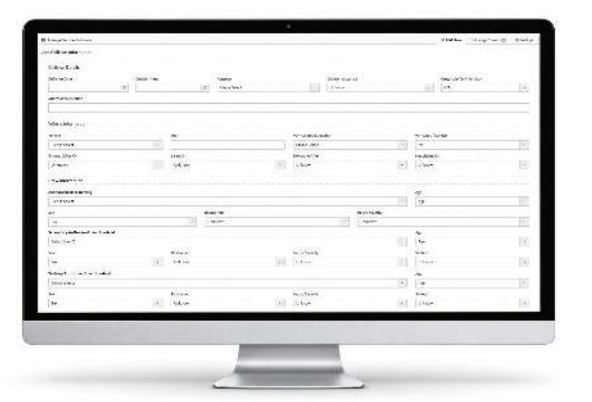

Main capabilities

Fleet Management	Centralized vehicle records • Preventive maintenance • Custom vehicle statuses • Custom fields • Mileage and engine hours
Employee Checksheets	Create custom checksheet templates • Connect checksheets to your daily schedule • Link checksheets to vehicles • Organize checksheet items into categories • Route notifications for flagged items
Collision Tracking	Centralized collision records • Detailed incident information • Notifications when records are updated • Driver, occupant, and witness details • Supporting documents and media uploads

Representative workflow: how fleet management works

1. Admin	2. Staff and admins	3. Admin
Create vehicle records	Update mileage, status, and maintenance	Review fleet records and readiness

Works with your other VAIRKKO modules

Inventory & Assets — Manage vehicles in Fleet and associate equipment records with the vehicles that carry them.
