VAIRKKO SOLUTION OVERVIEW

iForms

Capture information, connect records, and route notifications—all in one place.

Main capabilities

iForms	Create custom digital forms • Customize fields and layouts • Link forms to employees, vehicles, and assets • Attach documents and photos • Route notifications with custom rules

Representative workflow: how iForms works

1. Admin	2. Employee	3. Admin
Build a form and set notification rules	Submit information and attachments	Get notified by your rules and review submissions

Works with your other VAIRKKO modules

Fleet — Document a vehicle issue in iForms and manage vehicle maintenance in Fleet.
